

Option 1 - DRUNKARD'S PATH

Unless you already have a pile of DP blocks ready to sew together, just grab a piece of muslin or light-colored solid fabric and draw a 4x4 grid of 3" squares. In each 3" square you can draw the arc of a DP block.

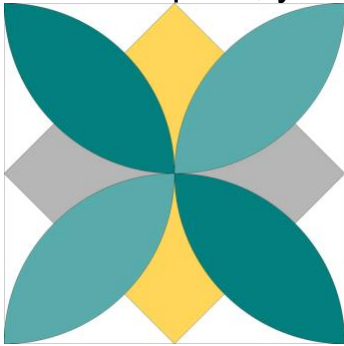

Pick any arrangement of the DP blocks, but below is one you might choose.

Option 2 - ORANGE PEEL

In a 12" square, you can draw the following block

Here is a quarter of it at full 6" size
