

Ladies of the Sea

by Susan H. Garman

This gorgeous new Block of the Month by Susan H. Garman is a 12-month series. Each month's pattern includes directions for two ships or a border and compass. The patterns include the history behind each of the fabulous "Ladies of the Sea." Each ship is surrounded by a wreath of flowers from the native land of the ship, and the flowers are echoed in the beautiful borders. Each month's pattern also includes a "smooth sailing" section with tips that allow less experienced quilters to simplify the design.

P&B Textiles will be making a coordinating fabric available soon (similar to the flyer background). For more information, contact Quakertown Quilts - wholesale inquiries are welcomed.
